Subject: FW: Records Request

Good afternoon,

You have reached the "Public Access to Judicial Administrative Records" (PAJAR) team at the Judicial Council of California. The PAJAR team responds to requests to inspect "judicial administrative records" pursuant to rule 10.500 of the California Rules of Court. You can find information about rule 10.500, the process for requesting records, and the types of records available through this process at www.courts.ca.gov/publicrecords.htm.

Please direct all requests for judicial administrative records from the Judicial Council to the PAJAR team at this email address (pajar@jud.ca.gov) for processing. PAJAR has reviewed the records requests that you submitted, attached, pursuant to rule 10.500 of the California Rules of Court and has determined that the Judicial Council has disclosable responsive records. The list of presiding judges is attached to this email. Because the quantity and file sizes exceed the limits of our email server, we are providing the remaining records using a secure file transfer protocol (SFTP) site. We have compressed the documents into a single .zip file and posted it on our SFTP site. The list of ADA coordinators may be found in the files labeled "ADA Booklet 2017.pdf", "ADA Booklet 2018.pdf", and "ADA Booklet 2019.pdf".

[Instructions on how to access the records was included in this part of the email]

Sincerely,

Public Access to Judicial Administrative Records

Subject: Records Request

Dear Legal Services Office,

Please review this records request and then forward it to CJER.

Thank you.

Thomas F. Coleman
